WORK HISTORY

Intern at Ministério Público do Trabalho (Labor Prosecutor Office), from **2019-07 to 2021-07** Rio de Janeiro, Brazil

My main role was to provide local and remote technical support, ensuring the efficient operation of hardware and software. I effectively managed tickets, performed system installation and maintenance, and led printer configuration.

I took on the role of leader of the interns, becoming the focal point for other interns, who relied on me to answer questions, and I played a key role in mentoring new team members. When newly hired interns arrived, it was my responsibility to instruct them on specific tasks, facilitating an efficient onboarding and introduction to their new responsibilities.

TEACHING EXPERIENCE

Volunteer IT Instructor: I deliver fundamentals IT training. My main responsibility is to teach AWS CORE services (S3, EC2, Route 53, CloudFront, ASG, ELB, Cloud Fundamentals) in accordance with the AWS Cloud Practitioner guideline. Additionally, I actively contribute to the personal and interpersonal students overall development. These classes are conducted online and cater specifically for low-income students who want to pursue cloud-related careers through a high-quality AWS course in Portuguese AWS course **at Escola da Nuvem**, from **2023-05 to current**

Computer instructor: I was a computer teacher in primary school, when children give their first steps in computing. My responsibilities included providing practical support and guidance, helping students become familiar with the computer environment and develop fundamental computer skills **at Colégio Estadual Dom Antonio de Almeida Moraes Junior**, from **2017-03 to 2017-11**

EDUCATION

University Anhanguera: College - Computer Science - (from **2018 to 2021**)
